

**City of Santa Barbara, Public Works Department
Engineering Division**

**West Cabrillo Boulevard Brick Crosswalk
Maintenance and Repair
Construction Notification
April 2012**

April 16, 2012 – Beginning on April 25, 2012, and continuing for approximately one month, the City of Santa Barbara, Public Works Department, will be performing maintenance and repair work on the existing brick crosswalks on West Cabrillo Boulevard at Castillo, Bath, and Chapala Streets. Following the work, the crosswalk striping will be painted.

Traffic lane closures will be required; however, **one lane in each direction will remain open at all times**. Businesses and residents in the area may experience noise from construction equipment and activities during the weekday work hours.

We appreciate your patience and cooperation during construction. If you have questions, please contact John L. Ilasin, Project Engineer, at (805) 564-5383.
